Presentation Topic:

Marriage Hall Management system

Introduction:

- ▶ A marriage Hall, also known as a wedding venue or banquet hall , is a specially designed and designated space for hosting wedding ceremonies, receptions and other related events .

Features:

- ▶ **Spacious rooms:** large rooms for ceremonies, receptions and dinning.
- ▶ **Catering services:** In- house kitchens and catering teams for food and beverages.
- ▶ **Decorative options:** customizable decorations, lighting ,and themes settings.
- ▶ **Audio-visual Equipment:** sound systems, microphones,tables and amenities for guests.

Advantages:

- ▶ **Convenience:** Marriage halls offer an all-in one solution, providing a venue , catering, decorations and amenities under one roof.
- ▶ **Time saving:** Planning a wedding can be overwhelming but marriage hall simplify the process with their comprehensive services.
- ▶ **Cost-effective:** Marriage halls often provide package deals and discounts, making them a more affordable options

....

- ▶ **Customisation:** Marriage halls offer flexible decorations and theme options to suit your taste.
- ▶ **Capacity:** Marriage halls can accommodate large guests lists , insuring every one can celebrate with you.
- ▶ **One stop solution:** From catering to decorations, Marriage hall handle everything,making your wedding planning process seamless.

Disadvantages:

- ▶ **Initial investment:** Requires a significant upfront investment in software, hardware, and training, which can be a financial burden.
- ▶ **Maintenance and updates:** Regular maintenance, updates, and back-up require dedicated resources and time.
- ▶ **Costly upgrades:** Upgrades to new features, or additional modules, may come with significant cost.

....

- ▶ **Data migration:** Migration existing data to the new system can be challenging.
- ▶ **User training:** staff may require extensive training to effectively use the system.
- ▶ **System Downtime:** system Downtime or crashes can impact business operations.
